

## EMPLOYEE CHILD CARE PROVIDER INFORMATION

### Child Care Information / Disclaimer

As a service to our employees, LAWPOA is providing this updated list of child care providers that were once advertised Department-wide on a monthly basis several years ago. Listing these agencies does not, in any way, constitute a recommendation of these particular agencies or a confirmation of their capabilities. This list is intended only as a reference list to assist our employees in need of childcare services that advertise extended hours. It is not to be construed, nor is it intended to be an endorsement by the LAWPOA membership, its officers, the Department, or by the City of Los Angeles, its employees, or its police officers. An investigation as to the reliability of these agencies has NOT been conducted. It is your responsibility to visit the site, do a walk-through inspection, make inquiries regarding the qualifications of the teachers and aides, and decide for yourself that the site suits your needs and is of the quality you want for your child.
